Applicant : _____ (signature or seal)						(YYYY/MM/DD)

Note: The insured is planning to go abroad for more than 6 months (calculated on a monthly basis starting from the date of departure).

1. If the applicant applying to suspend the healthcare insurance is an employee whose dependents are going abroad with them and are also applying to suspend the insurance, please put a check in the “Suspension” box under “Type of Change.” If the dependent(s) is/are switching to a different insurance registration organization, please put a check in the “Transfer out” box under “Type of Change.” If the dependent(s) intend(s) to continue their enrollment without changing status, please put a check in the “Continuation” box under “Type of Change.”
2. The applicant, who traveled abroad for 6 months or longer and suspended their insurance enrollment, upon returning to Taiwan, regardless of the length of stay, shall re-enroll in the insurance by submitting verification documents such as the household registration record, departure and entry records, or a complete copy of the passport and pay the premiums. If the applicant plans to travel abroad again, they may only reapplying for suspension after at least 3 months from the re-enrollment. If the applicant, who travels overseas, returns to the country within 6 months, the suspension shall be revoked and retroactive premiums shall be charged.
3. For those who return to the country but fail to re-enroll in the insurance, regardless of whether they will travel abroad again, the re-enrollment shall begin on the first reentry date after the suspension (only for those who have been abroad for more than 6 months) or retroactively on the suspension date (for those who return to the country in less than 6 months), and retroactive premiums will be charged. (Suspension of the insurance shall be approved on the condition of the insured traveling abroad for more than 6 months. Upon the enrollment, retroactive premiums shall be charged to those who return in less than 6 months.)
